Depending on the age and/or length of time in foster care, your newly adopted pet might or might not be sterilized.

Should the pet that you are adopting not yet be sterilized, it is CHAIN Boland’s policy that you as a responsible owner are required to make arrangements for the animal to be sterilized as soon as possible (or once it has reached the appropriate age – 6 months).

Suggested date for Sterilizing:

.....

The adoption fee that you have paid already includes the cost of sterilizing – CONDITIONS APPLY.
